

Advance-Nilfisk Parts

Advance-Nilfisk Part - Imagine how tedious it would be to clean up your home right after having a big party, without aid from cleaning machines. In the past, the time carpets and upholstery had the dust beat out of them by hand; brooms, cleaning cloths and brushes were the state-of-the-art cleaning materials of that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the company in 1906, he began to make motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the start was to own an international business selling goods internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a incredible, ground breaking vacuum cleaner which can be operated by one individual in view of the fact that it just weighed 17.5 kilos! This creation came in a time where other cleaning equipment were huge and needed 4 or more operators, therefore, the Nilfisk C1 transformed everything and evolved the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an existing problem; things get dirty and should be cleaned frequently, without too much effort.

Gradually but steadily, Nilfisk-Advance developed through the decades. In the nineteen eighties, this growth really took place when the company became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap ahead within the business, trying to be among the largest universal players in the market of professional cleaning machines. Nilfisk-Advance is now found in all parts of the globe due to steadily acquiring many small businesses in order to develop their product selection and presence in new markets. They are really proud to present various cleaning solutions to fit each requirement.
