Rockwell Parts

Rockwell Part - AxleTech International is a premier supplier in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their customers' expectations for technology, delivery, quality and service. They believe in working in an atmosphere which encourages the utmost integrity with empowered collaboration, together with a unremitting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The company has put different programs in place in order to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whichever questions or comments, because they are glad to promote and share this policy with a greater knowledge of their efforts. They are extremely devoted to improving and preserving the natural environment. AxleTech has an EHS program which not only protects the environment but which also actively protects their neighbors and workers too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech specially designs axles to meet specific application demands. They have over one thousand different axle specs within their existing offering. With over 100+ years of history and knowledge, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The company is well known in many military and commercial applications. They offer complete axle assemblies for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have further details that can be seen in the "ISAS" product selection.
